TE PĀTAKA – TE MĀTĀPUNA LIBRARY & LEARNING SERVICES: YOUR PARTNER IN RESEARCH AND STUDENT SUCCESS

Te Mātāpuna Library & Learning Services contributes to **Learning, Teaching** and **Research** activities across Faculties and Schools and works closely with all student, teacher, and researcher services across the university. Underpinning the library's practice is the concept of Tūhono – building relationships through shared experiences that engender trust and compassion. Through the practice of utu – a balanced give and take – we enable mana-enhancing collaborations and connections. We work with you.
